

Specimens are to be mounted on cards, with the following information:

- unique specimen number
- date collected
- location collected (county)
- name of specimen

Fossils must be identified at least by phylum, and more specifically if possible.

Judging is based 35% on identification, 15% on the condition of the specimens, 20% on labels, 15% on meeting class requirements, and 15% on showmanship (variety, neatness, balance).

For classes 3-7, the type of rock (igneous, metamorphic, or sedimentary) should be indicated.

1. **Beginning Geology.** Exhibitors in this class cannot exhibit in any other class, except class 6 or 7.
Display at least 15 specimens. At least one specimen must be a fossil or one must be a rock or mineral. 4-H'er need not have equal number in each category. Group and label the specimens according to two categories: 1) Fossils, and 2) Rocks and/or Minerals.
2. (open to youth enrolled in 2nd year of Geology). Minimum of 15 specimens, to have been collected in Wisconsin since the previous fair. At least one each of rocks, minerals, and fossils.
3. (open to youth enrolled in 3rd year of Geology). Minimum of 30 specimens, at least 15 from the current 4-H year, including at least one new rock, mineral, and fossil.
4. (open to youth enrolled in 4th year of Geology). Minimum of 45 specimens, at least 15 from the current 4-H year, including at least one new rock, mineral, and fossil.
5. (open to youth enrolled in 5th year of Geology). Minimum of 60 specimens, at least 15 from the current 4-H year, including at least one new rock, mineral, and fossil.
6. Exhibit of geology specimens from outside Wisconsin. Should have been collected during the current 4-H year, and labeled as in classes 2-5.
7. Educational geology exhibit.

NOTICE: ALL EXHIBITS TO BE ON DISPLAY IN THE FAIRHOUSE MUST BE AT THE EXHIBIT BUILDING BY 10 A.M. Thurs., Aug. 31.
